Club contest manager Charles Wilmott, M0OXO, said: "We'd like to encourage as many people as possible to get involved with this award and find out about the problems that Antarctica faces. It will be a good chance for us as a club to help raise awareness and have fun at the same time. We hope to be active on the HF bands with as many modes as possible". During the Napoleonic wars the Bramshaw Shutter Telegraph was one of a number that operated as a communication link for the Admiralty between London and Plymouth. There was already a system in place between London and Portsmouth and in 1805 this line was started to connect with Plymouth. The exact date of when the work as completed isn't known, but is believed to be soon after 4th May 1806, as there is a report on this date stating the line was almost ready. The original site of the Telegraph Station is believed to be very close to Hope Cottage on Telegraph Hill. Telegraph Hill is one of the highest points of the forest and is a fine open site with excellent views to the west. There is more information on the shutter telegraph at the Royal Signals Museum in Blandford. The Grid Locator for this station is IO90DW, ITU Zone:27 and CQ Zone:14. SILENT KEYS

With great sadness we took notice that Wolfram Hess, DL1RXA, a well known DXer passed away at the age of 67 after a stroke on Friday, Feb 9th, 2007. For many years Wolfram has been the voice of the DARC DX broadcast (DK0DX), of the DX show of former Radio Berlin International (RBI) and he was also a specialist in creating excellent forecasts of solar and radio weather with very high accuracy. We will never forget you Wolfram! [Tnx DXNL]

Gianni Rizzi, I7RIZ (ex-I8RIZ), was one of the big Italian DXers and IOTA hunters with a total DXCC count of 351. He put away the microphone forever on Feb 13, 2007. [Tnx DXNL]

ARRL Section Manager Election Results Announced -

One new ARRL Section Manager has been elected, while eight incumbent SMs have retained their seats. New terms for all successful candidates begin April 1. Contested elections took place in two ARRL sections, and ballots were counted and verified February 20 by Membership and Volunteer Programs staff members at ARRL Headquarters.

In Kentucky, Jim Brooks, KY4Z, of Cox's Creek outpolled former SM Bill Uschan, K4MIS, 426 to 105. Brooks will succeed John Meyers, NB4K, who has been Kentucky's SM since 2001. Meyers did not run for re-election. Brooks, a ham for 20 years, says he wants to build on Meyers' achievements.

Brooks has served in various leadership positions in his local club. Since 2004, he has been the ARRL Kentucky Section Public Information Coordinator. He is trained in ARES, enjoys working DX, serves as an ARRL Volunteer Examiner and is a registered instructor.

In North Texas, incumbent SM Tom Blackwell, N5GAR, received 816 votes to 761 for challenger Doug Loughmiller, W5BL, to win a second term.

Seven other incumbent ARRL Section Managers faced no opposition in the current election cycle and were returned to office for new, two-year terms. They are: Tom Fagan, WB7NXH, Arizona; David Norris, K5UZ, Arkansas; Jim Lasley, N0JL, Iowa; Malcolm Keown, W5XX, Mississippi; Doug Dunn, K7YD, Montana; Carl Gardenias, WU6D, Orange, and Dwayne Allen, WY7FD, of Wyoming.
